Yes, I have learnt and got very good and different knowledges from the college and also Don Bosco College of Tura is the best college for every student's if possible to get admission there, I have made my Bachelor Degree achievement from the college itself

As of now no

Got good grades

No.

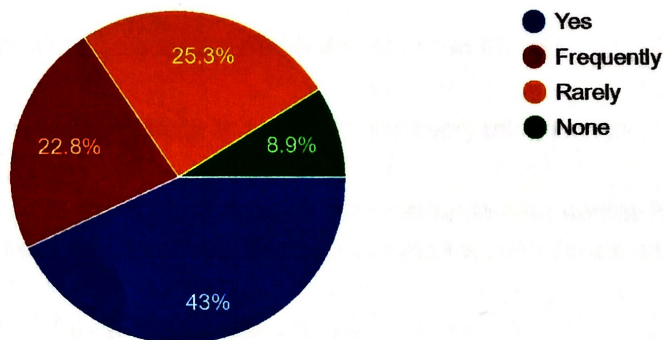

I got learning experience and educated

I would definitely dedicate my achievements to my parents. They have always been my source of inspiration.

10. Do you receive regular updates from the college through Mail/Calls/SMS?

79 responses

11. Write in few lines on Suggestions for Development.

36 responses

Good

Need to invite the past batches

The process of development is excellent.

Need to be extend higher studies Like PG

According to me, there should be more books in the library.

Encourage digital learning

For my suggestion is to provide more projectors to every classroom.

College should take supervision and Teachers must take regular class and class test.

There are lots more to be done for development like more sanction posts . Infrastructure etc.

No I don't have any suggestions according to me every thing is okay

My suggestion is- it will be better to have MA or other Master degree in this college as many students have no choice to pursue further education around Tura area

It would be better if there will be class for Masters too

I would like to suggest to developed more on understanding of students knowledge so that they may be useful person in future. We had a hard time understanding things because of Covid 19, overall infrastructure of DBC is really good.

Since 8 years ago I have not come in contact with the college. I guess many developments have been taken place, perhaps better than what we were there in those past years.. So I dont have any suggestion as of now. I wish that the college will keep up the good grade. Long live Don Bosco College

Many extra curriculum still needed to impost in the college

Politics! It should be included in college. As students in Meghalaya do not even participate in the college or university politics.

Develope Infrastructure

ALUMNI FEEDBACK ANALYSES REPORT 2022-2023

About 54.4% of alumni rated the overall association with the college as good and 44.3% as excellent. The students 68.4% were satisfied with the various aspects of teaching and the courses offered to them. About 60.8 % students obtained sufficient technical knowledge at the respective department of the college. The students 55.7% rated the faculty members' cooperation for academic support and overall development as excellent. Majority of the students 81% rated that the education imparted to them was relevant to their employment. About 58.2% of them were satisfied with the laboratory equipment. Around 63.3% students found the library as adequate. ICT usage in teaching learning process was rated 64.6% as adequate and efficient. Co-curricular activities of the department and the college was rated 55.7% good and 40.5% as excellent. The project work conducted by the department to be 58.2% good.

Almost all alumni are grateful to the college for providing quality education. They feel proud to be the students of this college. The college environment is found to be conducive for learning. They appreciate the friendly, helpful, dedicated and cooperative attitude of the college staff. They show their indebtedness towards the college for the sincerity, efforts and hard work of the faculties. They feel that the progress in development of the college to be excellent. They admit that the college played crucial role in shaping their professional, ethical and personal life. They admit that their association with the college not only enabled them to acquire a degree but also helped them to inculcate leadership qualities, good human values and also enriched them in every sphere of their life. They proudly confess that the college developed their confidence by the various college programmes and the teacher's encouragement for the student's participation in different programmes. They acknowledged the contribution of the college in developing their communication, leadership qualities, social commitment and responsibilities which help them to build a lifelong relationship and they also expect more for the future generation. They give credit to the college for their present position in life.

Suggestions from alumni:

To extend higher studies and to include PG courses so that the students can do their masters degree and also avail higher learning facilities in the college itself.

To increase more number of books in the library and to encourage digital learning and also to improve library services.

To provide more projectors in each classroom.

To understand student's knowledge so as to shape them into useful person for tomorrow.

To include more extracurricular activities in the college and exposure of more technical courses and development in creativity and innovation.

Teachers to take regular classes and class test.

Provision for adequate laboratory equipments, more sanction posts and development in infrastructures.

To hire a qualified lecturer, in order to measure student's outcome and to improvise on the teaching method.

Action taken:

For uplifting higher studies and PG courses, the college management is trying its level best in taking up the issues to the concerned authorities by sending memorandum.

Library has been now upgraded by increasing the number of books for the students. Barcode scanner is used for issuing and renewing the books. E-Gate visitor has been done for the students and teachers. New Library will be constructed soon. Students are enrolled in NDLI. Workshop for all the Library Professionals in West Garo Hills was conducted by the Library Committee in the college for the first time in the year 2021. Digital learning is made easy by giving an email ID and getting it accessed in smart phones.

Suggestion for use of more projectors in the classrooms is sent to the concerned authority and will be working on it.

Mentoring is done atleast twice in each semesters to understand the weaknesses and strength of the students and to motivate them in the pursuit of excellence.

Programmes like Career Counseling, Career Guidance and Soft Skill Programmes are conducted every semester for the outgoing students of Arts, Science & Commerce stream. Students are also taken for field trips and educational tours especially in science and arts stream for their exposure to nature apart from the theoretical knowledge learnt in the classroom. Students get exposure to various extracurricular activities during college weeks, departmental programmes and other related programmes held in the college. Short Term Courses like Certificate Course in A.chik Folk Arts(CAFA), Basic Course in Computer Hardware(BCCH), Basic Course on Computer skills(BCCS), Basic Course in Tally ERP9 (BCTE) and English Language Proficiency Course (ELPC) are offered to the semester students apart from the Bachelors Degree. Other short term project works will be encouraged in the coming days,

Teachers work tirelessly for the students development in teaching learning process and for the completion of the syllabus on time. Three Internal Assessments are taken for improving students performance. Irregularity of classes is very rare and is an exceptional case only when the teacher is on leave.

Suggestions for more laboratory equipments, more sanction posts, development in infrastructures and assessing the students by hiring a qualified lecturer has been noted and will be sent to the concerned authorities.
