## Five Year Plan: 2017-2022

Don Bosco College, Tura has embarked on an ongoing pursuit of excellence since the year of its inception. The College is committed to giving the best teaching-learning experience which will raise the rate of employability on one hand and finding out and living one's vocation on the other. Efforts are on to enhance the over-all quality of the day to day academic activities and the overall outcome.

Accordingly, the College has outlined a Five Year Plan, (June 2017 to May 2022), and is committed to fulfilling the same.

**The College has taken cognizance of the fact that education process of the College needs to be improved and expanded. Therefore, the following plans have been put in place:**

1. The College shall introduce one or two new departments.
2. The science laboratories shall be improved and upgraded.
3. The College shall go for automation of its Library.
4. The College shall gradually increase its students intake capacity.
5. The College shall offer Coaching for various National and State Level competitive examinations.

**The College aims to prepare students for life by imbuing in them values that will help them all throughout their lives. Accordingly the College has come up with the following plans:**

1. The College shall offer value education course to its students.
2. The College shall offer Skill-based Training Programs like Basic Computer Course, Tally ERP

3. Certificate Courses and Add-on Courses.
4. The College shall introduce uniform for its students which will inculcate a sense of belonging and uniformity and equality among them.
5. The posts that were hitherto lying vacant shall be filled up.

**Don Bosco College, Tura is aware that ICT is the need of the hour and it can greatly increase the overall teaching-learning quality. Hence, the following plans have been put in place:**

1. The College shall go for systematic online admission process.
2. The College shall introduce ICT into its daily teaching-learning process in the forms of Projectors and Smart Boards.

**The College is aware that the continual improvement of the quality involves augmentation and expansion of its infrastructure; hence the College shall -**

1. Construct an annexe building that will house the Library in the ground floor, a few classrooms in the second floor and a sound-proof amphitheatre in the second floor.
2. Start a Gym for the students which may be gradually improved to accommodate more students.
3. Introduce a Biotech Hub
4. Put up a weather station.
5. Set up a functional Cultural Club, Electoral Literacy Club, Chess Club for its students.
6. Renovate the College canteen
7. Maintain the drinking water facility for the students and improve it from time to time

**The College realizes that the all the stakeholders play intrinsic roles in the education of every student. Hence, the College has planned the following:**

1. The College shall form Don Bosco College, Tura -Parents' Association
2. The Alumni Association of the College shall be revamped and strengthened
3. The existing Committees of the College shall be strengthened
4. The College shall exercise shared responsibilities
5. Preparation for NEP 2020

**The College plans to extend its help towards the most needy and downtrodden section of the society. Hence the College plans to:**

1. Start Evening Classes for the neighbourhood students of Classes 8-10
2. Make the College infrastructure more disabled-friendly. In a specific way the College plans to have notices, nameplates, hoardings, directions in Braille
