ICT enabled tools in Don Bosco College

- The college has subscription to *Educational Plan* of Google, which enables a lot of flexibility to the faculty including unlimited storage in Google Drive, integration of Google meet with Google Classroom, custom email ids etc.

- The college has subscription to KOHA for Library management.

- The college provides LAN connectivity to all departments.

- There are 12 classrooms that have overhead projectors permanently attached. Additionally, 2 spare projectors are kept to be used as per necessity in the other rooms and for seminars. We are in the process of acquiring more projectors.

- The college has 3 computer lab(s) with 110 computers. Each department is also provided with a desktop computer and a laptop.

- 13 computers are also available to students and faculty in the library for browsing and collecting study materials.

- The college has recently (January, 2023) acquired a smartboard BRIO TOUCH from *Ebix Smartclass Educational*.
